Micro USB ClipOn™ Cable

- Fastens securely to your keychain or bag
- Small compact design to take anywhere you go
- Plug into any USB port to charge or sync with your computer

The Kanex Micro USB ClipOn Cable allows you to keep a micro USB cable handy at all times. It's perfect for charging and transferring data from a Micro USB device, like an Android or Blackberry, to any USB port. Simply fasten it to your keychain or bag. You'll be ready to charge or sync at your convenience.

Conveniently Charge and Sync

Never be without a charging cable again! Connect your micro USB-enabled device to a USB car charger or portable battery pack or sync with your computer

Compact and Tangle-Free

This clever little cable easily fastens on to your keychain or bag so you don't have to worry about tangled cables. It's small, compact and light - and ready to work when you are.
